

Critical Care Customer

Definition: A Weatherford Utility customer who has a person permanently residing in his or her home who has been diagnosed by a physician as having a serious medical condition that requires an electric-powered medical device, electric heating or cooling or other utility service to prevent the impairment of a major life function through a significant deterioration or exacerbation of the person's medical condition or to sustain life.

Eligibility for Protections: In order to be considered for designation as a Critical Care Customer:

A. An application, found on the reverse side of this statement, must be:

- 1) completed in full by customer and physician,
- 2) returned to Weatherford Utilities Customer Service Office, and
- 3) approved by said office.

B. A deferred payment plan must be agreed upon by the customer and the Customer Service Office.

Benefit of Protection: If an approved application is on file and a current approved deferred payment plan exists and is being adhered to, prohibition against service disconnection of a Critical Care Customer shall last 63 days from the issuance of the bill. If the deferred payment plan is not being adhered to, Weatherford Utilities shall provide written notice to the Critical Care Customer and the secondary contact listed on application of its intention to disconnect service not later than 21 days prior to the date that service would be disconnected.

Disconnection: Prior to final disconnection of a Critical Care Customer, Weatherford Utilities will contact the Critical Care Customer and the secondary contact by phone. If no contact is made by phone, Weatherford Utilities shall visit the premises, and, if no response shall leave a door hanger containing the pending disconnection information and how to contact Weatherford Utilities within 24 hours.

Renewal: Applications must be renewed by the Critical Care Customer and physician every 2 years that protection is needed. If at any point during service usage the physician's request for protection is no longer valid, the customer shall notify Weatherford Utilities.

Disclaimer: Protection under this policy DOES NOT RELIEVE A CUSTOMER OF THE OBLIGATION TO PAY FOR SERVICES RENDERED and Critical Care Customer status does not guarantee an uninterrupted, regular, or continuous power or utility supply.
