

## Editing a Canva Template shared with you:

A template created by CommandMarketing was shared with you, start designing now

1080px x 1080px

Use template

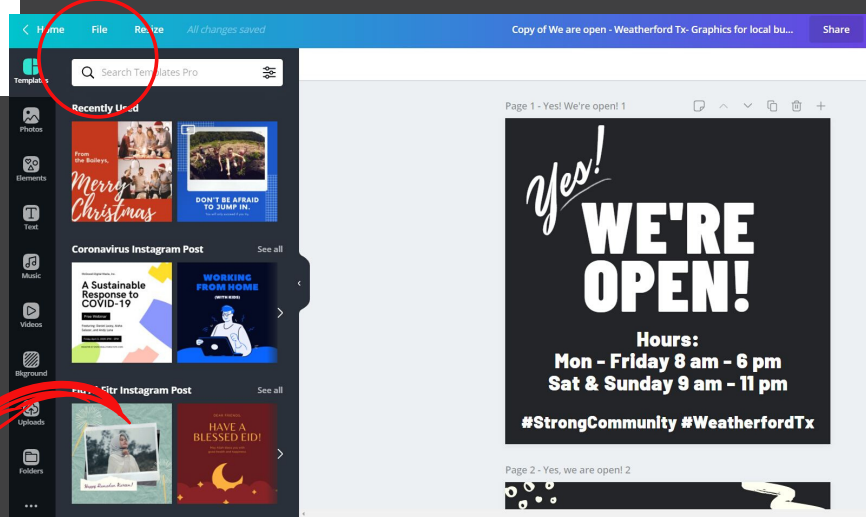

Designed with Canva

1. Click on the template link on our website.

2. On the pop up page to the left click "use template"

3. Once the file opens up, Click "File" on the toolbar.

4. Then click "Make a copy" from the drop down menu.

5. The copy will open in a new window.

6. Close out of the first document that opened.

7. Edit the text, add your logo if you want.

8. Download the file and post to your social media accounts.
